2005 FALL CONFERENCE November 7-11, 2005 "CHANGE IS IN THE AIR"

In With the New, Out With the Old!

Well Folks, this is it ... my fond farewell as Kansas NAHRO Service Officer. I thank each and every one of you for your support throughout the years; I will miss my position as Service Officer, but without hesitation hand the baton over to Lynn Vossman, who has been hired as the new Kansas NAHRO Service Officer effective September 1, 2005. I know Lynn will do an outstanding job, and I know I can count on you to give her the same respect and support you gave me during my tenure as Service Officer the past 4 years. I would especially like to thank the Executive Committee, both current and past. It is with your support and guidance I was able to perform my duties and keep things in perspective.

The 2005 Fall Conference is just around the corner! A complete TENTATIVE schedule is contained elsewhere in this News Bulletin.

Tuesday afternoon's line-up includes 2 'Bonus' Sessions and one pending - these are free for anyone who has registered to attend any part of the conference - the first Bonus session will discuss locksmithing; the second is an afternoon of training about safety in the workplace, including self-defense, identity theft, etc. Much of this information can be taken back and shared with your residents as well! The third session, "Conversion to Project Based Accounting", has not yet been confirmed. Those who register will be notified once confirmation is received.

The Maintenance and Management Sessions alike offer an excellent array of topics. Don't miss out on this opportunity to be a part of the 2005 Fall Conference and be in the know!
