Shelli Scrogum
Service Officer

The leadership of Kansas Chapter National Association of Housing & Redevelopment Officials wants to thank the professionals at Housing Authority Insurance Group for their support and welcome them as a sponsor of our website ***ksnahro.org***. Housing Authority Insurance Group has long provided superior insurance services for housing authorities nationwide and their support at Kansas NAHRO conferences is legendary. Starting January of this year, KS NAHRO and Housing Authority Insurance Group entered into a new relationship as they became the Platinum Sponsor of our website.

Housing Authority Insurance Group is a public housing authority-owned organization dedicated to providing reliable insurance solutions and related services to the public and affordable housing community in a manner which exceeds expectations. According to A.M. Best ratings services, the Housing Authority Insurance Group family of Companies are rated "A (Excellent)" with a Stable Outlook. This rating reflects Housing Authority Insurance Group's strong reserves and ability to consistently meet the needs of its members.

During these times of political uncertainty, Housing Authority Insurance Group is working to become an influential part of the public and affordable housing community. The cooperation between public housing industry stakeholders is encouraging for the long-term benefit of public housing residents. Housing Authority Insurance Group is acting as a resource to the industry's major stakeholders by providing them with research capabilities and data. As part of this effort, our sponsor provides one of the most comprehensive and helpful legislative advocacy websites available, the Housing Authority Insurance Group Legislative Action Center. At this site, members have access to a wide range of information to stay informed on national and local legislative issues and communicate with our representatives. The address is <http://capwiz.com/housingcenter/home/>. We hope you'll take advantage of this excellent resource.

The members of Kansas NAHRO again want to thank the good folks at Housing Authority Insurance Group. Please stop by their booth at Kansas Chapter and Southwest Regional Council NAHRO conventions and say thank you in person.

Sincerely,
Tony L. Hoch
President, Kansas Chapter NAHRO
